CONFORTDÉCO

Grilles décoratives

CONFORT DECO is the perfect blend of comfort, aesthetics and air-distribution efficiency.

CONFORT DECO is the result of a creative process designed to meet users' expectations and enhance their well-being.

Patented CONFORT DECO products have been designed to provide an original, practical answer to the needs of both residential and commercial markets, for new-build and renovation projects.

CONFORTDÉCO

Grilles décoratives

Why choose CONFORT DECO decorative air diffusers and return-air grilles?

1. For Comfort :

✓ No perceptible draughts
✓ Quiet operation thanks to low air velocities
✓ Even temperatures throughout the space

2. For their aesthetics :

✓ Clean, understated lines
✓ A wide choice of finishes and sizes

3. For air-distribution performance :

✓ Even air distribution throughout the room
✓ Optimised airflow and throw
✓ Reduced noise levels

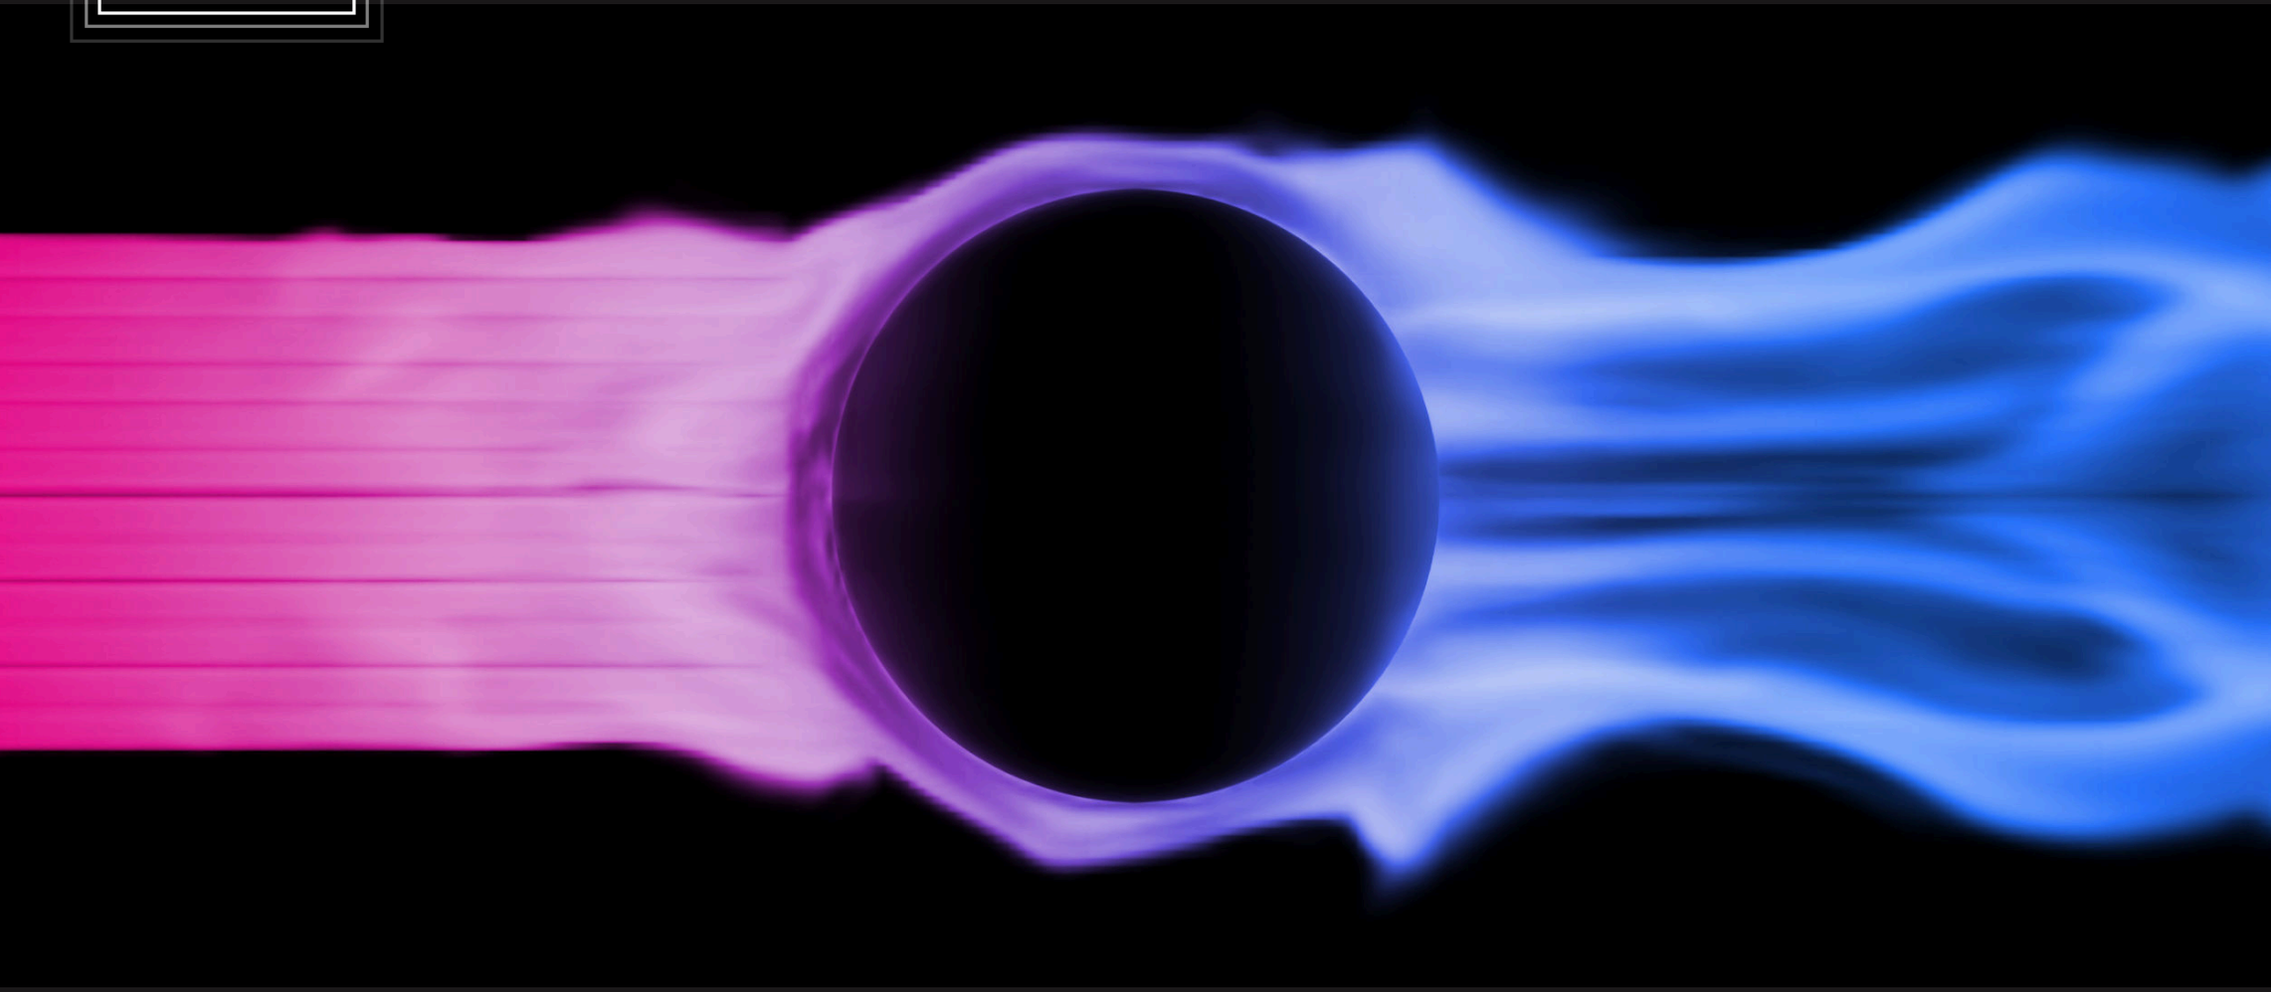

4. For versatility :

✓ Wall or ceiling installation
✓ multiple sizes available
✓ Multifunctionnality :

◊ Heating
◊ Air conditioning
◊ Lighting
◊ Mirror
◊ Decorative finish

CONFORT
DECO

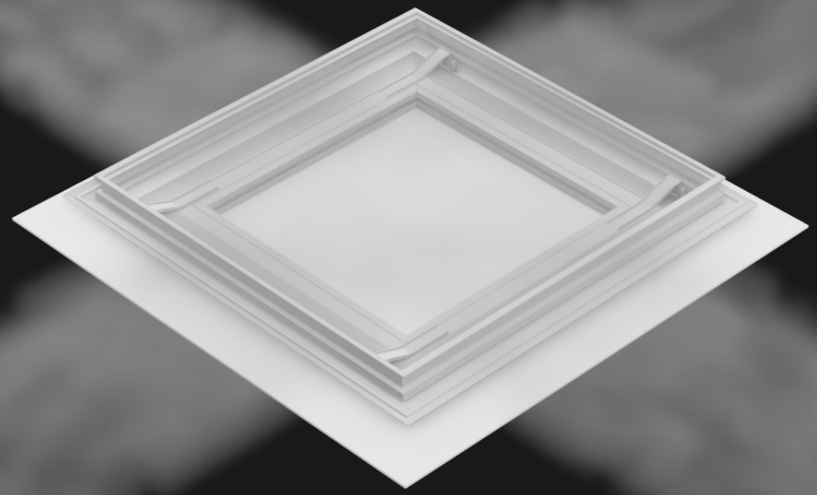

Air distribution is optimised on all four sides of the diffuser by enhancing the COANDA effect*, with an aerodynamic deflector system.

*COANDA EFFECT : A fluid-dynamics principle whereby a gas stream changes direction when it encounters a convex surface.

CONFORT
DECO

THE COANDA EFFECT IN ACTION

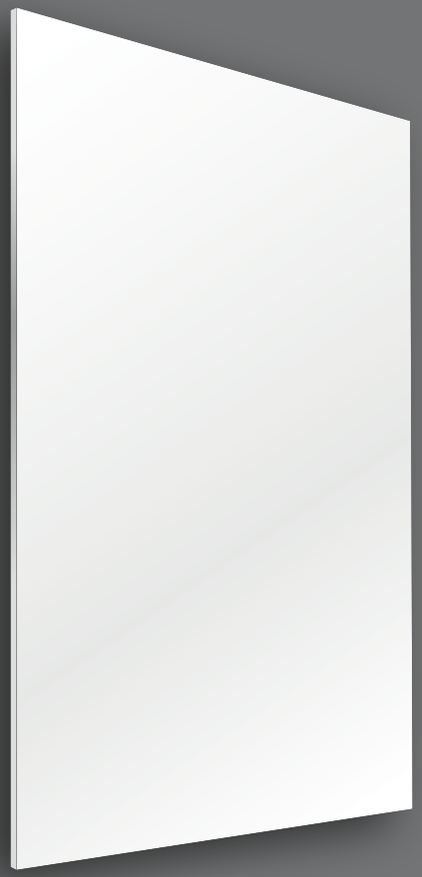

Comfort is ensured by directing airflow along horizontal (ceiling) or vertical (wall) surfaces.
This prevents draughts and improves air circulation throughout the room.

LES SIGNATURES

Collection

Confort White

Le Chic à la Française

Clean, timeless lines define this collection. Its streamlined style and geometric shapes blend naturally into their surroundings.

Featuring a satin-white rigid PVC trim, CONFORT WHITE products offer an original alternative to conventional air-distribution solutions.

CONFORT WHITE is the ideal choice for those who want comfort, simply.

FURNITURE DESIGN

Confort White

— Circular spigot diffuser

The CONFORT WHITE collection now includes two new models, designed to offer even greater installation flexibility.

The DIF 160 and DIF 200 diffusers come in more compact formats. Their trims measure 310 × 310 mm and 350 × 350 mm respectively, for a neat, contemporary finish.

Confort Black

Modern ? **Absolutely !**

Original ? **Without a doubt !**

Elégant ? **Definitely !**

The **CONFORT BLACK** collection stands out for its distinctive, uncompromising character. Particularly suited to commercial settings such as restaurants, offices, shops and showrooms, it also meets residential needs, especially in contemporary homes.

With a brushed-effect black rigid PVC trim, **CONFORT BLACK** diffusers and return-air grilles can be installed on either walls or ceilings.

CONFORT BLACK is the ultimate expression of bold elegance.

Cassiopée

Heating, cooling and lighting, all in one…
...Welcome to the CASSIOPÉE constellation !

Design, comfort and functionality were the guiding principles behind this product.

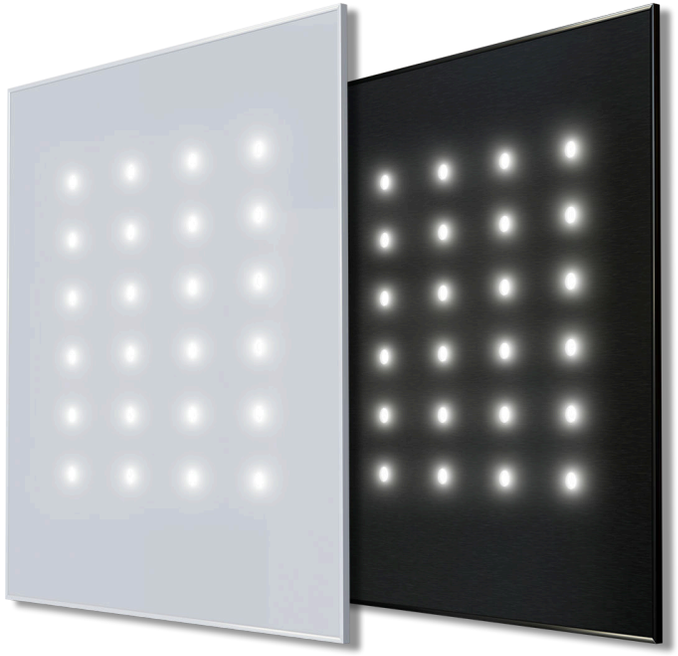

Choose :

- ✓ A finish: white or black
- ✓ A size: choose from four options
- ✓ A function: air supply or return

And configure the illuminated diffuser or return-air grille to best suit your taste and requirements.

First-class LED lighting in a refined setting: that is the philosophy behind the CASSIOPÉE collection.

Hand-assembled in France and covered by a five-year warranty, CASSIOPÉE will win you over with its elegance, quality and versatility.

Cassiopée

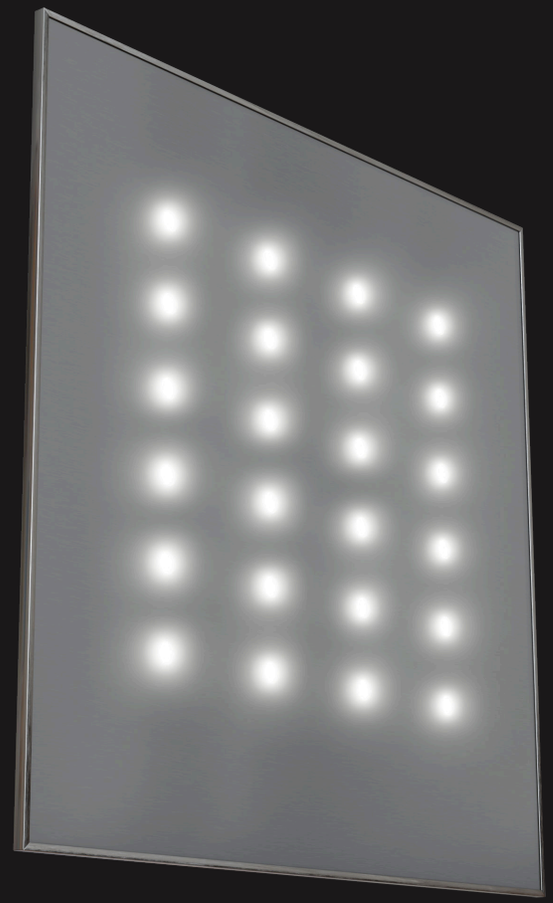

- ✓ Two finishes (white or black) for seamless visual integration
- ✓ Perimeter aluminium frame for an elegant, refined look
- ✓ Four sizes available for supply and four for return
- ✓ Can be installed on a wall or ceiling
- ✓ Hand-assembled in France

Cassiopée

- 24 or 36 dimmable LEDs (depending on size) when connected to a dimmer
- Luminous flux: 3600 lumens
- Colour temperature: 4000 K
- Power supply: AC/DC 40W IP20 VE: 198–264 VAC VS:25-42V DALI2 PUSH

Collection
Reflet

A harmonious blend of function and aesthetics.

What could be more familiar than a mirror in an entrance hall or corridor ?

Clad in genuine silver, bronze or anthracite mirror, REFLET decorative air diffusers and return-air grilles blend into their surroundings while discreetly supplying or collecting air from your ducted system.

Installed vertically or horizontally, on a wall or ceiling, the REFLET collection will appeal with its refinement and discretion.
